

SUMMARY

Passionate and driven Computer Engineering student with a strong desire to apply technology to solve real-world challenges. Successfully completed a Diploma in Computer Engineering from Dr. D. Y. Patil Polytechnic, Pune. Currently pursuing a Bachelor's degree in Computer Engineering at Dr. D. Y. Patil Technical Campus, Pune. Eager to leverage academic knowledge and practical skills to contribute to the success of a forward-thinking organization in the IT industry.

EDUCATION

Dr. D. Y. Patil Technical Campus Varale Talegaon, Pune
Pursuing BE in Computer Engineering (2027)

Dr. D. Y. Patil Polytechnic, Pune
Diploma in Computer Engineering (2024) (75.00%)

SSC
New English School Vadgaon Maval, Pune (2021) (74.60%)

SKILLS

- HTML
- CSS
- JAVA
- SQL
- Android Development (Java, XML)
- JAVA SCRIPT
- C OR C++
- PYTHON
- Flutter Development

Project's:

1.Title: Music Player (Java, XML, SQL)
Developed a feature-rich music player application that allows users to play, pause, skip, and manage audio files efficiently. Implemented features like shuffle and repeat modes, notification controls, and background playback using services. Ensured smooth user experience with an interactive UI and real-time playback controls.

2.Title: ATM management system (Java, SQL)
Created an ATM management system in Java and SQL, facilitating secure transactions and user-friendly functionalities with robust error handling and modular design.

3.Title: Calculator project (HTML, CSS, JS)
Developed a responsive web-based calculator using HTML, CSS, and JavaScript. Implemented basic arithmetic operations such as addition, subtraction, multiplication, and division with a user-friendly interface. Ensured accurate calculations and smooth user interaction through efficient event handling.

4.Title: Tic-Tac-Toe Game (Python)
Developed a Tic-Tac-Toe game using Python with a graphical user interface. Implemented game logic for player turns, win/draw detection, and interactive gameplay. Designed a user-friendly interface and ensured smooth functionality with efficient code structure.

INTERNSHIP

Company Name:

GTL INFOTECH Pvt. Ltd. Pune.

Intern – Full Stack Web Development

Gained hands-on experience in full-stack development using HTML, CSS, JavaScript, and SQL. Worked on both frontend and backend components of web projects. Collaborated in a team to deliver quality solutions on time. Also introduced to Android Development basics. Developed strong problem-solving and development skills ready to apply in real-world projects.

Aundip Foundation Training

Core Java

ACHIEVEMENT

- Developed multiple real-world projects including Android apps
- Strong understanding of Data Structures and Problem Solving
- Active GitHub project contributions

CERTIFICATE'S

- Maharashtra State Certificate in Information Technology (MS-CIT)
- Android Development Certification Course – Programming Hub

PERSONAL QUALITIES

- Creative thinking and problem solving ability.
- Strong attention to detail.
